

# EMPOWERMENT MENTORING WORKSHEET

***Earl Nightingale:***

*Success is the progressive realization of a worthy ideal.*

*In order to stay in \_\_\_\_\_ with the source of our ideals or  
with that wave length that gives us the capacity to know what the next step is, we  
have to be willing to not \_\_\_\_\_.*

*The path to harmony is order first, then movement. Movement before order  
becomes \_\_\_\_\_.*

*By changing the way we look at our \_\_\_\_\_, our life begins to  
change.*
